No..9. Camp Krishnarajasagara Works,

18th January 1918.

My dear Sir,

On receipt of private information that D. P. W. Sub Overseer Sarangapani Mudaliar in K. R. S. Works had in his house in the South Bank some explosives secretly stored, the K. R. S. Police reported the matter to the 1st class Magistrate on the spot yesterday, who went at once with the Police to the house and had a regular search conducted. The undermentioned articles were found and seized.

(1) 5 unopened full packets of dynamite cartridges of 55 each and 120½ x 3 pieces of dynamite cartridges.

(2) 2 full tins of detonaters of 100 each and 118 loose ones.

(3) 29 fuse coils weighing 13 lbs and 60 pieces of coils with detonators attached.

(4) Gun-powder - country made - 4½ lbs and 1½ tolas English made.

(5) 32 tolas and 4 lbs of big and small shots. Another ball of 32 tolas of big and small shots.

(6) One double-barrelled breech loading gun and 86 blank and 1 ball cartridges, 8 buck shots and 19 other ball cartridges.

(7) One revolver and 28 cartridges.

(8) One cartridge making machine and its appurtenances.

(9) Percussion caps 134 and 100 pieces.

These together with the records were given to the Police by the Magistrate with orders to proceed further. Sarangapani Mudaliar has been placed under arrest under section 54, Cl.4 Criminal Procedure Code, and the matter has been duly reported to the D. P. W. Officer.

There have been a number of thefts of such explosives reported from time to time not only in the Works but also all

(8

round - in Yedatore and other places. I am getting a thorough investigation made to see whether there has been any organisation connecting the thefts with this seizure.

At the time of the mahazar before the Magistrate, the Mudaliar has stated that the articles found were the remnants of stock which he received from time to time while he had been employed on blasting and channel excavation works and that he had not returned them to the magazine.

Yours most obediently,

Letter No.739 dated 23/25th January 1918 from the Superintendent of Police, French Rocks Circle, to the Deputy Commissioner, Mysore District.

No. Dis. & C.No. 1080 / J.17-8

Forwarded with compliments to the Inspector General of Police.in Mysore.

Sd/-K.Matthan. Dy. Commr. 26-1-1918

" I have the honor to forward herewith for kind perusal and transmission to the Inspector General of Police for information, copy of report No.246 dated 20-1-1918 together with its enclosures from the Inspector of Police, Krishnaraja Sagara works.

The Inspector has been directed to complete his enquiry at a very early date and report the result".

Report No.246 dated 20-1-1918 from the Inspector of Police Krishnaraja Sagara Works, to the Superintendent of Police, French Rocks Circle.

On 17-1-1918 Jamedar Subbasingh of the South Bank submitted a report to the Assistant Commissioner and 1st class Magistrate of Krishnaraja Sagara Works that he has reliable information that one Sub Overseer Sarangapani Mudaliar has in his dwelling house which is amidst other houses, large quantities of dynamites, detonators, fuse coils and also a gun for some unlawful purpose; that the Magistrate may be pleased to come to the spot immediately and conduct the search lest that these explosives &c might be removed elsewhere probably causing thereby explosion of detonators attended with serious loss of human lives and property.

Whereupon the Magistrate after recording the statement of the Jamedar arrived at the spot at once, and had the house of Sarangapani Mudaliar searched in the presence of Panchayetdars. Large quantities of detonators, dynamites, white fuse coil, Gun powder, one double barrelled breach-loading gun, one

13)

6 chambered revolver, gun and revolver cartridges and cartridge preparing apparatus and percussion caps &c as noted in detail in appended list "A", were found under suspicious circumstances. During search, Sarangapani Mudaliar admitted that dynamites, detonators and white fuse coils were remnants of such articles that he had received for channel excavation work sometime back; that the gun and the revolver belonged to his brother and the deceased uncle and that he does not possess any license to keep such things.

The Magistrate after seizing these articles ordered that I might take needful further action, since several complaints of thefts of Dynamites, fuse coils &c belonging to Government had been already lodged.

Since these articles were found in his possession under suspicious circumstances and number of cases of thefts of such articles had also been registered here and in Belagola, Yedatore and Arsikere as noted in list "B" appended, I arrested Sarangapani Mudaliar at 10 P.M. on 17-1-1918 under Section 54 clause 4 Criminal procedure Code and intimated the same to the Superintending Engineer. When this arrested Sarangapani Mudaliar was produced for remand of 10 days before the 1st class Magistrate of Krishnaraja Sagara Works, he was ordered to be released on bail and so Sarangapani Mudaliar was set at large. Copy of my prayer for remand with the orders of the Magistrate thereon, is herein enclosed for perusal.

After first verifying the statement of Sarangapani Mudaliar given during search time by means of inspection of some magazine - store accounts, indents &c and examination of some officers and subordinates of P. W. Department, I shall proceed to Belagola, Yedatore and Arsikere to make further enquiries and report the results. I have requested in person and also made a reference to the Superintending Engineer to give me necessary facilities for my enquiry. He has been kind enough to arrange.

In connection with the seizure of such large quantities of detonators which were extremely dangerous for public safety, I

humbly beg to bring to your kind notice that Jamedar Subbasingh who was patiently working up towards the detection of this case, deserves full credit; services of informant who has been throughout faithful and acted under directions from Jamedar Subbasingh towards this successful detection may also be suitably appreciated First class Duffedar Abdul Jabbar who was also helpful to the Jamedar in keeping regular watch over the movements of Sarangapani - mudaliar and his friends and servants in the latter stage, so that the properties were not stealthily removed elsewhere deserves also some credit.

Copy of the report of Jamedar to the Magistrate and a copy of the mahazar drawn up for the search are also herein enclosed for perusal.

Magistrate's order.

The arrest has been made under clause 4 of section 54 of the Criminal procedure Code and as a consequence of the search made of the accused's house (a search which was made in my presence under section 20 of the Arms Act Regulation VI of 1890 and resulted in the seizure of a large quantity of Dynamites, fuse coils and detonators as well as a gun, a rifle and some ammunition pertaining to them. The arrest has been made with reference to the Dynamite, fuse coils and detonators &c and not in respect of the arms and ammunition; and it is represented that in virtue of several complaints on the Police file of thefts and loss of blasting materials from Government Stores not only in Krishnaraja Sagara but also in Mysore and several surrounding places, the Police are feeling suspicious about the dynamite &c found in the possession of the accused although as admitted by him they are Government property and were taken out by him from the Krishnaraja Sagara Stores in his capacity as a Sub Overseer in charge of Works involving blasting operations. Thus a suspicion that among the articles seized there may have been included some of the properties reported to have been stolen as per complaints on the Police

file was led to this arrest. The grounds for tangible suspicions are not established but the arrest has however been made. But it is a question whether pending the establishment of reasonable suspicions for connecting any of the properties now seized with the stolen properties alluded to, it is necessary to remand the accused to Police custody as applied for. I am of opinion that it is not only unnecessary but also far from being justifiable. The accused must necessarily be given the benefits of the provision of section 497 of the Criminal procedure Code and he should be forthwith released on bail. If the police after necessary investigation are satisfied that any non-bailable offence can be brought home to the accused and such a case is clearly made out he may be re-arrested if necessary. Pending such an establishment of the case no remand to Police custody is called for. He should be released on bail which he is prepared to offer.

Submitted to the Court of the Assistant Commissioner and 1st class Magistrate, Krishnaraja Sagara.

I humbly beg to bring to your honor's kind notice that I have received reliable information that large quantities of Dynamites, Detonators and fuse coil and also a gun are in the possession of Sub Overseer Sarangapani Mudaliar for any unlawful purpose; that he has kept them in his dwelling house, which is amidst the premises of other residents on the South Bank of Krishnaraja Sagara and that he cannot be left in possession of the said things without danger to human lives and properties.

Since I am fully satisfied with the credibility of this information, I humbly pray that your honor may be pleased to come to the spot immediately and have the house of Sarangapani Mudaliar searched and the articles seized.

Delay in search might give him an opportunity to destroy or remove them elsewhere probably causing thereby explosion of detonators attended with serious loss of lives and property.

Sd/- Subbasingh, Jamedar
Krishnaraja Sagara.

17-1-1918.

Police Jamedar Subba Singh solemnly affirmed.

The above report is submitted by me. As stated therein I have received very reliable information that Sub Overseer Sarangapani Mudaliar has in his possession some dynamite, detonators and fuse coil which he is keeping in his dwelling house in the South Bank Krishnaraja Sagara. He also possesses a gun probably without a license. His keeping the dynamite, detonators &c in his house is a danger to life and property, the house being in the midst of several other houses. I request his house being searched under section 20 of the Arms Act (Regulation No.VI of 1890)

Read over and admitted to be correct.

Sd/- Subbasingh, Jamedar

Sd/- T. Dharmaraja Chetty
Magistrate - 17-1-1918.

In pursuance of the above police report and the sworn statement of the Police Jamedar, I proceeded to the house of Sub Overseer Sarangapani Mudaliar and in the presence of Panchayetdars, caused a search to be made with the result that as per mahazar drawn upin respect of the search and which is hereto appended, a large quantity of dynamite, fuse coils and detonators were found as well as a double barrelled gun with a number of cartridges(both empty and loaded) a six chambered hand rifle with its cartridges and gun powder, lead shots &c.

The Sub Overseer stated that the Dynamite, fuse coils and detonators were remnants of those which he was in the habit of ta-

king

(17

out for work when he was in charge of channel excavation upon indents he was issuing to the Government Stores, Krishnaraja Sagara Works, South Bank and that the double barrelled gun with its connected ammunition belongs to his brother Subramani Mudaliar who he says possesses a license therefor, while the rifle was the property of his deceased uncle (who died some 5 years ago).

As the Policejamedar states that several complaints of thefts of dynamite, fuse coil &c, belonging to Government have been lodged the articles seized will be taken charge of by the police and kept in their custody for such investigation as may be necessary and for such further action as may be deemed proper.

Sir,

In continuation of this office letter No. 4805/346 dated 30-1-1918, I have the honor to forward herewith for the information of Government copy of letter No.385 dated 14-3-1918 from the Superintendent of Police, French Rocks, reporting further particulars in the case of seizure of certain explosives &c from the D. P. W. Sub-overseer Sarangapani Mudaliar of the Krishnarajasagara Works. The explosives found with the Sub overseer could not be traced to any particular case; nor has it been found possible to secure evidence that the Sub-overseer had committed Criminal Breach of Trust in respect of them, though there is every reason to suspect it. In the circumstances the sanction of the District Magistrate has been applied for for the prosecution of the man under the Arms Regulation for having been in possession of the arms and explosives found with him without a license. On receipt of the District Magistrate's sanction a prosecution will be launched against the person and the result of it reported to Government in due course.

Letter No.385 dated 14th March 1918 from the Superintendent of Police, French Rocks Circle, to the Inspector General of Police in Mysore.

In continuation of my report No.739 dated 25-1-1918 submitted to the Deputy Commissioner for transmission to you in the matter of the seizure of large quantities of explosives and ammunition from the possession of Sub Overseer Sarangapani Mudaliar of the Krishnarajasagara Works, I have the honor to enclose herein for your kind information a copy of the report of the Police Inspector of Krishnarajasagara Works showing the further progress made in the investigation of the case. The explosives seized do not appear to be connected with the thefts of the same reported from Mysore, Yedatore-Belagola and other places and there is every reason to believe that they belong to the stock in Krishnarajasagara Works though their identification as such has not been possible. It has not also come to light that Sarangapani Mudaliar was disposing of these articles and judging from the large quantity of them which he had accumulated it looks probable that he was yet to commence disposing of them.

Under these circumstances I have moved the District Magistrate to kindly accord sanction to prosecute Sarangapani Mudaliar for the offence under section 14 clause (e) of the Mysore Arms Regulation. A prosecution for the possession of the explosives lies also under the Mysore Explosives Regulation but in view of the gravity of the offence in the present instance and the circumstance that a more deterent punishment could be awarded under the Arms Regulation than under the Explosives Regulation, the former was adopted. The orders of the District Magistrate in the matter are awaited."
